PREFATORY NOTE.

THE most notable feature of the Makellar Library is the fine Collection of Early Printed Bibles, Testaments, Prayers, Psalters, etc. in Hebrew, Latin, Greek, English, German, French and other languages.

Special attention is drawn to the Gutenberg Bible of 1450-55. This was the Syston Park copy. Since the sale of that Library it has been very carefully inspected and several small defects have been discovered; all of which are now particularized in the description of the book. The Series of other Latin Bibles begins with the Eggesteyn Edition c. 1466, and proceeds to the middle of the 16th Century, including the "R" Bible, the first Bibles printed in Venice and Paris, several Coberger Bibles, and the First and Revised Sixtine Editions. There is also a very excellent copy of the Complutensian Polyglott. Many of the rarest English Versions occur, from the Coverdale of 1535 to the First Authorised. The Testaments in various Languages are many and valuable, especially the English which extend from Tyndale, 1534, to the end of Elizabeth's Reign. The French Testaments include the exceedingly rare Bordeaux Edition of 1686, of which no copy has occurred for sale for many years. Many rare Editions of the Common Prayer and the Book of Common Order will be found in the Collection, as well as early Primers and Private Prayer Books.

There are a few fine Manuscripts, notably of a Latin Vulgate Illuminated, of Anglo-Norman workmanship, Sæc. XIII, and three early Codexes of the Gospels and Epistles.

The Library contains a great number of Books connected with the Political and Family History, Antiquities and Literature

of Scotland, many of which are of great rarity. There is a complete series of the important Family Histories of Wm. Fraser, and the Publications of the Abbotsford, Maitland, Spalding, Roxburghe and Hunterian Clubs, also a copy of the Original Kilmarnock Edition of Robert Burns' Poems. There are numerous Early Printed English Books, chiefly connected with the Reformation, and the Doctrine and Discipline of the Reformed Churches, many of which, being secretly printed and suppressed, have now become exceedingly rare.

A fine Series of the Original Editions of John Milton's Poetical and Prose Writings will also be found in the Catalogue, and a large number of Civil War and Commonwealth Tracts; besides other interesting items too numerous to mention here.

SOTHEBY, WILKINSON & HODGE.
